INSTRUCTIONAL PROGRAMS

PROGRAM OVERVIEW:

Instructional Programs provides the foundation and resources that comprise the District of Columbia Public Schools core curriculum. Under the agency's new leadership, Instructional Programs will play a major role in developing and implementing a more standardized curriculum that will take into account a more enhanced global perspective, changes in technology, and career skills development.

It is comprised of 12 activities and a delineation of their financial components and associated performance measures are detailed in the subsequent pages.

FISCAL SUMMARY:

As shown in the chart below, the proposed Instructional Programs, gross funds budget is \$326,105,904, a decrease of \$6,269,742, or 2 percent from the FY 2005 approved budget of \$332,375,646. This change includes a Local funds decrease of \$11,661,530, a Federal funds increase of 1,093,387, a Private funds increase of \$113,602, a Special Purpose Revenue funds decrease of \$350,768, and an intra-District funds increase of \$4,535,567. The gross budget supports 7,256 FTEs, an increase of 68 FTEs over the FY 2005 approved level.

<u>PROGRAM</u>	Instructional Programs
<u>ACTIVITY</u>	English as Second Language (ESL)/Bilingual
Activity Purpose Statement	The purpose of the English as Second Language (ESL)/Bilingual Activity is to provide services to linguistically and culturally diverse (LCD) students so that English language skills are improved.
Services that Comprise the Activity	Instruction to non and limited English proficient students
	Translation and interpretation services
	Professional development to staff on teaching LCD students
Activity Performance Measures	Parental involvement programs Results:
(Target & Measure)	% bilingual/ESL teachers receiving training on the new English language proficiency standards to improve instruction % expansion of dual language and newcomer literacy programs
	% newly identified LCD students receiving initial proficiency assessment
	% proficiency testing for English language learners
	% LCD students placed in school programs based on academic skills
	% orientations for new LCD families
	% new assessments aligned with No Child Left Behind requirements
	% general education teachers and paraprofessionals receiving training
	Outputs: # teachers, counselors, administrators and paraprofessionals receiving training # LCD students assessed # LCD parents receiving orientation # students served in dual language programs # students in newcomer literacy programs # students tested with English language proficiency tests # translators provided
	Demand:
	# data requests
	# training events # students and families requiring services
	# students and families requiring services # students in dual language & newcomer program on waiting list
	# translation and interpretation requests
	Efficiency:
	\$ cost per training session
	\$ cost per student and family processed
	\$ cost per data request \$ cost per translation and interpretation requests
